Students involved in the competitive team with leased horses, boarded horses, and/or horses in training and they wish to ride their horses, show or compete at events with Wright's Performance Horses LLC will be required to participate in our competitive team lesson program. They will be allotted either up to (2) lessons each week or up to (3) lessons each week that will be available on the monthly calendar. It will be the student's responsibility to sign up for allotted times that are pre scheduled for these students only, with max numbers in each lesson slot. These lessons will have set disciplines and prearranged patterns or lesson plans available ahead of time. Students will set goals for each month, quarter and year, have opportunities for video review, and work closely with the trainer on setting realistic expectations based on their achievements. It will be at the trainers discretion to change the lesson plan if needed.

These lessons will be billed at the rate of \$300 per month which includes up to two lessons each week lessons are offered, or \$400 per month which includes up to three lessons each week lessons are offered (for those with horses in training, boarded, or leased with Wright's Performance Horses LLC) and will be due on the first of each month (unless otherwise prearranged) for the calendar year. Once you have chosen your weekly lesson amount, you cannot change it from month to month, it must remain the same for the entire year. The 2023/2024 calendar year will take place from September 1, 2023 to August 1, 2024. If you wish to cancel your enrollment it will require 60 days written notice and you will be billed on a prorated amount from the date notice is received.

Lessons slot sign ups will be available the week prior to the first of each month. If you need to change, cancel or add you can do so anytime after the sign up times open within 24 hours of the lesson, if you miss this opportunity, you may try to trade with someone else for their lesson that week but the trainer must be notified ahead of time, as well as approve it.

The trainer and student will work together to set their goals for the year, which classes they should focus on, and what shows they should plan to attend. Based on this, the trainer will suggest lessons that best fit the students needs. The trainer may require students to sign up for

certain lesson times if they are attending an upcoming show in order to participate in specific classes.

We ask that you provide your student with a three ring binder with lined paper so that they can use it specifically for their lesson plans, goals, achievements and other notes.

If the trainer believes that the client needs one-on-one attention, they will have the option to switch their three lessons for the week to one private lesson depending on availability or pay at the rate of \$100/hr.

Introductory and casual non competitive lessons will be available to sign up for at pre scheduled times with minimum and maximum participant requirements. These lessons will be billed in advance and if you cannot make a lesson you will forfeit the lesson unless you have given us a 24 hour notice and we are able to find another slot available that week. There will be no other make up opportunities available.

Drop-in lessons will have no guaranteed availability and are offered at the rate of \$80 per rider for three or more riders or \$100 per rider for one or two riders.

Late payments made more than 10 days after the date of invoice is sent will be charged a \$5/day late fee.
